Both are graduates of Bay High and business education sophomores.

Tigerdome to see action on Jan. 13

Monday date is the first week of January for the city school system and the first basketball game in the new high school gymnasium will be played Friday night, Jan. 13.

Superintendent Joe D. McCullough told trustees of the Bay St. Louis Municipal Separate School District of the plans to occupy the new facilities at their December meeting Monday night.

Trustees inspected the gym with its \$13,000 floor before the session opened. Bay High cagers will use the rotunda for the first time against their perennial county foes—Hancock North Central—on that Friday, the 13th.

To help facilitate the move, city schools will close at noon this Friday for the Christmas holidays. McCullough has called a meeting of the faculty, maintenance and lunchroom personnel for 1 p.m. to outline the procedure. Moving of two plants is involved. The 10th, 11th and 12th grades now in the old high school building on Carroll Avenue will transfer to the new plant on Blue Meadow Road. Then the seventh and eighth grades now at North Bay Elementary School will shift down to the old school to join the ninth grade in the new junior high school.

McCullough said he hoped the changeover can be in effect by the first Friday in January. He is confident all classes will

be in their new locations by Monday, Jan. 9. The superintendent also hopes he can arrange the moving without any losses in school days.

Plans for dedication of the new Bay High are to be made at the January board meeting. McCullough urged trustees not to get in that until he's had time to settle down in the new plant.

Meanwhile, trustees declined to approve the \$39,147.02

School kids prep for Santa recess

"Hurray for St. Nick!" This will be the sentiment of hundreds of school children in Hancock County tomorrow as they begin their Christmas holidays.

Mostly concluding with classroom parties, all schools in the county will cease lessons Friday noon and resume where they left off on Jan. 3.

Sole exception to the rule seems to be St. Stanislaus College. Here boarders will return Jan. 3 but lessons will not begin until the following day. Pearlington, Gulfview and

Supervisors adopt subdivision plan, set beach hearing

Sub-division regulations for Hancock County, prepared almost three years ago by a New Orleans planning consultant, were finally adopted Monday by the board of supervisors.

Beat 1 Supervisor H.G. Dean moved to enact the plan in an effort to standardize the county's policy on street surfacing in new sub-division.

The question arose over acceptance of Kiln Acres sub-division with a four-inch clay gravel surface on its streets rather than blacktopping. The plan had been approved last year, apparently with that improvement requirement, and the developer wanted his performance bond released as it is almost ready.

The sub-division was approved on the motion of Beat 4 Supervisor Jack Lott but Dean questioned why blacktopping specifications were not included. "Either they build by the regulations or we do away with the regulations," he declared.

Dean said a lot of prospective developers had been turned down in his beat because of the blacktopping requirement. Furthermore, he contended, it was a lot cheaper on the county if this is required when the county has to take over street maintenance

For the last few years in the more populous areas of the county, surfacing has been required in new sub-divisions as a pre-requisite to their acceptance. But a check of the minute books of the board so far has not disclosed whether this was by "gentlemen's agreement" or formal action of the board.

The sub-division regulation draft prepared by Planning Services, Inc., of New Orleans states on street improvements: Sec. 3-a—"Roadway surfacing and construction shall be in accordance with standard specifications of the office of the county engineer, said specifications having previously been adopted by the board of supervisors. The type of surfacing shall be determined by the above office

and its approval stamped and signed on all such plans. On all streets which have been offered to the county for dedication, all grading, surfacing and sidewalk construction shall be done under the supervision of and approval by the county engineer or under the supervision of a licensed engineer with a certificate being furnished to the county engineer and board of supervisors stating that the required street improvements were installed in accordance with the standard specifications of the county and with the minimum requirements of the county."

Louis Hissong of Planning Services was retained in the department on Page 4-A.

Supervisors hold low port bids for talks

The board of supervisors Monday asked the two low bidders on the port and harbor dredging and clearing project at Mulatto Bayou to hold open their proposals for further negotiations in the fact of a second request from the port commission to readvertise the jobs.

Ohio Rester, port commission secretary, told the supervisors his colleagues last Thursday had again received 4-2 recommendations of their engineers to go ahead with the low bids and negotiate the contracts from there. The supervisors' previous Monday had accepted the recommendations of Michael Baker, Jr., Inc., and told the port group to proceed.

Rester said he had tried to get a joint conference set up on the question but was unable to get a second since only the presiding officer, Dr. A.K. Martinolich, Jr., concurred with him.

Dolph Kellar, who conducted the supervisors' meeting in the absence of R.G. Hubbard, Jr., said he knew if the bids were

readvertised they would cost more money. "They always do," he observed.

The motion to ask Baker Dredging Co. and L.S. Stephens to keep open their bids was by H.G. Dean of Beat 1, seconded by Charles Layinghouse of Beat 3, and carried unanimously. Layinghouse added reports he had told his representative on the port commission, Edward Schumacher, that he was "fully backed up" about going ahead with the job at the present price.

The board told Superintendent

Saturn V 1st stage firing set

Mississippi Test Facility personnel are scheduled to open another chapter in their operations book Saturday when they hoist the S1-C test booster into its stand.

Firing date of the 150,000 pound thrust Saturn V-Apollo first stage booster has been set for Friday, Jan. 27.

"This event is being hailed as a major milestone at the site," Mack Herring, public information officer, said yesterday.

He stressed that the booster is a test version and firings are simply to test the stand and support components and facilities.

The first flight version of the S1-C rocket to receive actual flight acceptance testing at MTF will be No. 4 of the series. It is due at MTF in February. The first three have already been acceptance test fired at the George C. Marshall Space Flight Center, Huntsville, Ala.

Herring said it will be the first time anywhere in the world that people will be able to see two Saturn V booster components in their test stands at the same time. "We are testing components of the world's largest space vehicle designed as the 'heavy duty truck' in America's line-up of space launch vehicles," he said.

Gordon Artley, assistant manager of MTF, has also had the role of heading up an activation team working towards readying the test stand.

"This stand has always been a little ahead of schedule," Herring said.

Of the S-11-1, now earmarked to be fired for the second time this Tuesday, Herring said, "this stage ran extremely well during its 384-second acceptance firing test on Dec. 1. We anticipate no serious problems developing from Tuesday's test."

One fact did come to light in the first test and once again it concerned cooling within the stage. A membrane cool water of single ply Teflon required in the first two or three seconds of the test. "The cool was not

Chicapoula events are cancelled

King Chicapoula will not bestow any royal favors in 1967. Nor will he parade through downtown streets.

This is the word from the Mardi Gras sponsoring group, the Bay St. Louis Elementary Parent-Teacher Assn. after their session Tuesday evening.

Two main reasons were advanced for the cancellation of next year's program.

One is the fact that Mardi Gras falls so soon after Christmas, Feb. 6, and the other is that all eighth graders, from whom the court is chosen, will be transferring to the new junior high school in January.

It was stressed the cancellation was for this year only and the group will re-sponsor in 1968.

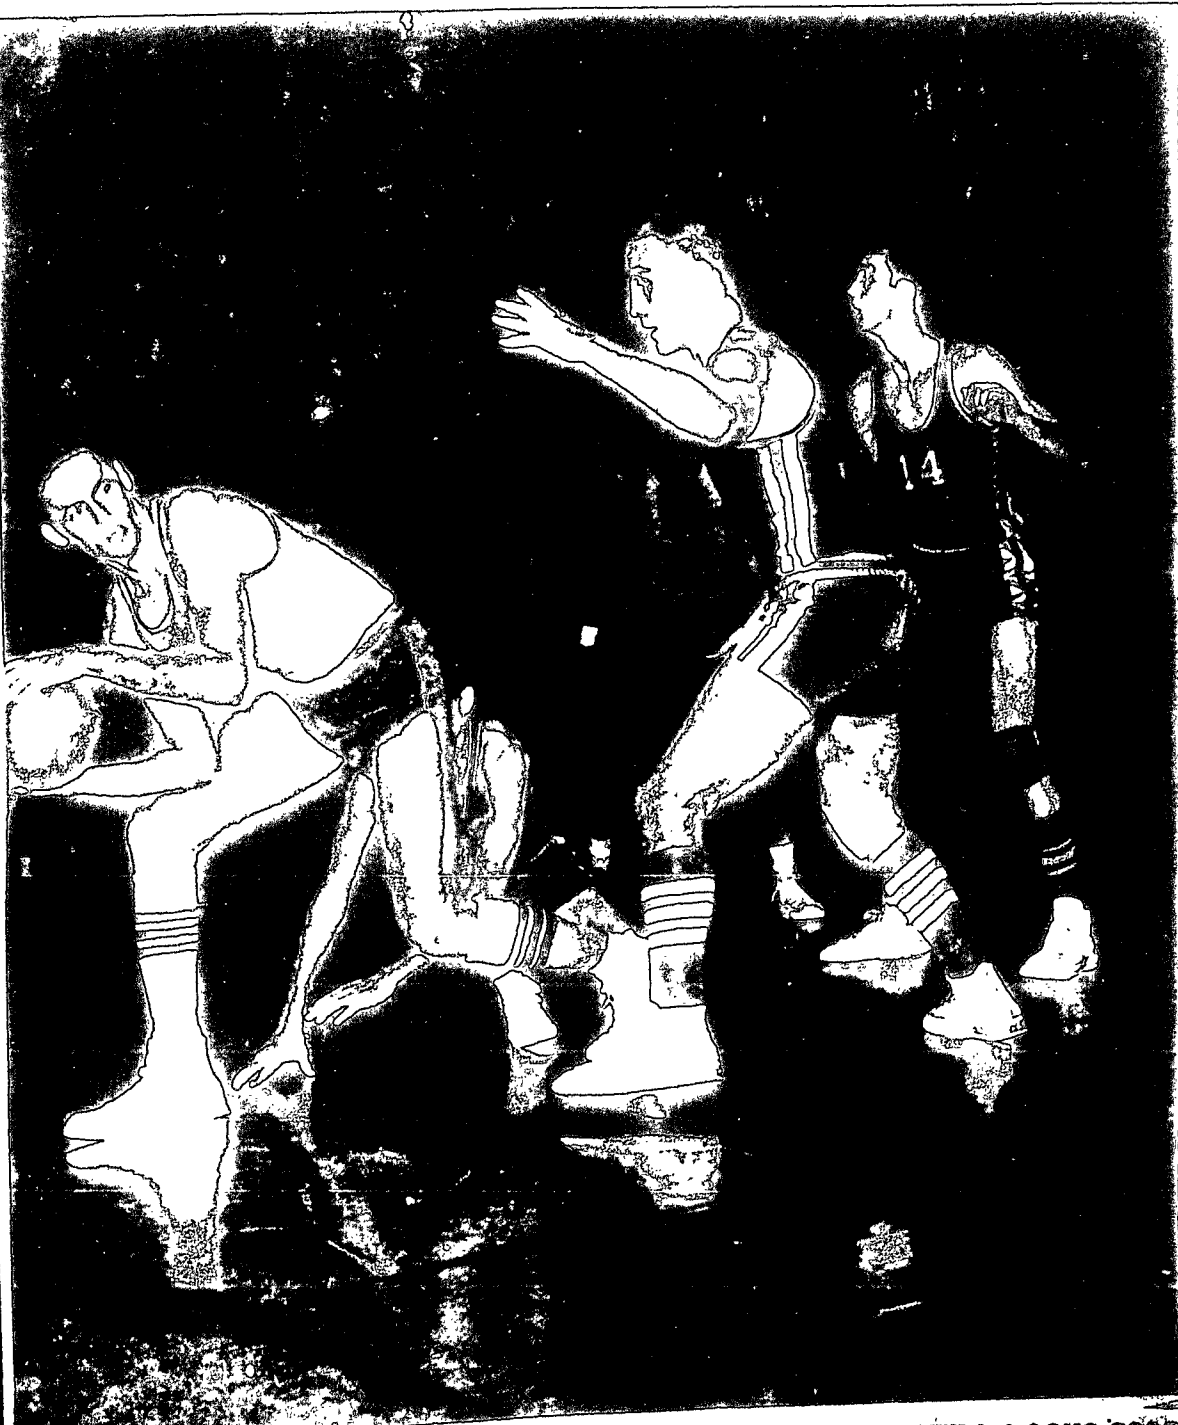

Started in 1948 the parade, court presentation and accompanying hoop-de-doo has continued through all adversities, including the bad condition of streets this year, for the last 18 years.

After their business session, the P-TA watched a skit entitled, A Bomb for Santa, as staged by the third grade under the direction of their teacher, Mrs. Beatrice Ladner.

Trustees to study school insurance

Further study of the distribution of a insurance business was indicated by trustees of the St. Louis Municipal Separate School District Monday night in the wake of a question raised over the awards last month.

The proposal that each trustee be given a proposal for insurance was expressed by Paul Henley, who has been in the insurance business for many years.

Henley also had a letter from the insurance agency questioning the new distribution formula adopted last month. Under the present plan, insurance agencies each get 20 per cent of the business while Hancock gets 40-50-30 with the same firms participating.

Robert L. Hamilton, school board president, recalled that when he had been named to the school board five years ago, he found the agencies were writing policies for a year at a time and the situation was in such a condition they should have all been reprimanded. At that time, he secured five-year policies on all property.

The November plan provides for three-year policies with a total premium of \$4,490, plus \$54 just written on the billers. The 15 per cent agency of record commission amounts to \$1,380. With Hancock getting \$828, the others received \$265 each a year in business.

Kergsten told the board he had no desire to be agent of record with the huge amount of paper work involved. He presented newspaper clippings on the plan recently adopted by the city of Pass Christian, insurance firms there had challenged the old 50-10-10-10 formula and it has been converted to the agent of record getting five per cent of the premium off the top and the remaining 95 per cent of business being distributed equally among the four firms, there, including the agent of record.

Discussion of who is entitled to school business prompted Trustee Teddo Thomas to suggest that all goods be purchased on a bid basis. He noted that each summer the schools spent \$800 to \$900 on paint and this should be bought on bids. Attorney Sam L. Favre, Jr., said the idea was in order as in securing any other materials in bulk.

Wheat told his colleagues he didn't like to dissent on any question but thought it had been a mistake to change the percentage allotment last month. He suggested changing the agent of record every three years to make for a more equitable distribution.

Trustees discussed what other insurance firms existed within the school district and omitted Mayor John A. Scofield's agency because of its conflict of interest.

In other business evolving from the November meeting, the board agreed to the plan advanced by the attorney on handling the request from the Gideon Bible Society for distributing Bibles. Favre proposed that to keep down criticism, the school announce that King

James versions of the Bible were available at all churches and pupils might secure them their free of charge. The Gideon for several years have been trying to get the schools to distribute the Bibles but keep running in to the state vs. religion problem.

Superintendent J.D. McCullough reported the papers are now in Atlanta to secure approval of the contract to build three additional classrooms at the new Blue Meadow Road high school under vocational training legislation. The board has a \$4,400 credit, 10 per cent of its total federal loan, for preliminary fees. Trustees, however, declined to pay the \$625.47 bill from Architect Charles Proffer for design of the addition until the work is actually in progress.

In other business, trustees voted to petition City Commission Council for a \$25,000 loan to meet current expenses in anticipation of taxes, approved the November claim docket with a minimum questions and were urged by Hamilton to eat weekly at some school cafeteria to check on patrons' complaints about the menu.

Break-in nets yeggs \$2,500

Over \$2,500 in cash and other items was stolen from Jack's New Broadway Restaurant on U.S. 90 some time between midnight and 8 a.m. Monday.

Jack Kay, owner, told Chief Deputy Elio Depree that waitresses discovered the theft when reporting to work Monday. Depree said entry was gained by breaking a window on the south side of the building.

The cash, totaling \$1,765.75, was taken from two registers, a cash box, cigarette machine and music box. Stock inventory showed approximately \$844.12 worth of liquor, beer, cigarettes, cigars and snacks missing.

The case is presently being investigated by Depree and Sheriff Sylvan Ledner and other Hancock County deputies.

William L. Ledner

William L. (Willie) Ledner, 35, brother of Hancock North Central football coach Roland Ledner, was killed in a traffic accident at Canal and Lumberton Roads in northwest Gulfport Friday night.

Mrs. Ledner, 22, who was driving the couple's car, sustained multiple abrasions. Both were taken by ambulance to Gulfport Memorial Hospital where Ledner was pronounced dead on arrival.

The Harrison County Sheriff's office said James O. Pavolini, Jr., 19, Pass Christian, driver of the other car, suffered possible head and internal injuries, a fractured arm and his condition was listed as undetermined. Mrs. Ledner was scheduled to be released Saturday.

Investigating officers said the Pavolini car was traveling north on Canal Road and the car driven by Mrs. Ledner was headed east on Lumberton Road when the collision occurred. Both cars were totaled, the deputies said.

Other than his wife, survivors are one son, Lammie Ledner, Gulfport; his mother, Mrs. Beatrice Curtis Ledner, Portlinton; two brothers, Charles P. Ledner and Roland Ledner, Portlinton; three sisters, Mrs. Harmon Harrington, Chalmers, La.; Mrs. Carl Shaw and Mrs. Oscar Peterson, Portlinton.

Mrs. Ledner was born June 19, 1931, in Portlinton and was self-employed in the trucking business, routing in Gulfport at the time of his death.

Funeral services were at the First Baptist Church, White Cypress, Monday evening, Sunday, Rev. Kenneth Brown officiating.

Burial was in Northside Cemetery with Sam Rouse, Jr., Roland Ledner, Jerry Ford, Pat Ford, Edna Peterson and Wayne Ledner as pallbearers.

Pearlton bus freight is still via Bay

Bus freight for Pearlton is still being handled mostly through Bay St. Louis, R.R. Hinson, agent, said yesterday.

He pointed out that even though the fire at Lott's Cafe on Nov. 28 burned the Pearlton freight agency, passengers are still able to embark and disembark at this same point.

The location is still an official bus stop, Hinson said. Although it was announced after the fire that a new freight handling facility would be constructed no details have yet been forthcoming as to when such will be ready, he added.

on estimate No. 16 to W.M. Craig, general contractor, pending correction of various faults found in the inspection two weeks ago. Another inspection will be made before the building is accepted.

The architect, Charles L. Proffer, has written Craig telling him to wrap things up by Dec. 16, McCullough noted. Trustee Paul Henley commented he had found even more things wrong since the inspection.

Teddo Thomas observed completion is already three months overdue. It was to have been finished in September. The board is holding back at least 10 per cent of the contract price, the superintendent assured trustees.

Efforts to secure assistance from the board of supervisors in paying the parking area around the new school were reported by McCullough. He and Robert L. Hamilton, board president, were directed to keep in touch with Supervisor R.G. Hubbard, Jr., of Beat 5 to see if the country can be persuaded to do the work. Aid is sought because all school funds for the job have been exhausted.

T. H. Naylor, executive secretary of the State Education Finance Commission, was here Monday afternoon. McCullough reported, and expects to return early next year to analyze the whole system and determine what further needs exist.

Visiting Mr. and Mrs. J.C. Bower and family last weekend was his brother, Jack W. Bower. During his stay, Mr. Bower also visited his mother, Mrs. Clay Bower.

O.L. Necaise

Final rights for Olmeca L. (Gro) Necaise, 82, Pass Christian, who died last Wednesday in Memorial Hospital at Gulfport were at Pass Christian on Thursday.

Born July 22, 1884 in Kila, he was a retired foreman for Harrison County and a member of St. Paul's Catholic Church.

Survivors are his wife, the former Alphandine Dadeaux, Pass Christian; five daughters: Mrs. Emma Necaise, Mrs. Esther Ledner, Mrs. Noble Necaise, Mrs. Beulah Sprinkle, Pass Christian; and Mrs. Anna Pearl Meyer, New Orleans; two sons, Eugene Necaise, Pass Christian and Leo Necaise, Gulfport; 31 grandchildren; three sisters, Mrs. D.H. Lizama, Liza; Mrs. Lillie Ledner, Pass Christian; Miss Dacie Necaise, Gulfport; and one brother, Joseph Necaise, Necaise Crossing.

Interment was in Necaise Crossing Cemetery.

ber, 1963, to prepare subdivision regulations on the first step in county planning. He presented the plan the next February and a public hearing was conducted in March. The hearing was lightly attended because of a Boy St. Louis sever bond rally the same night and the plan was held for later study.

It ran into further drawbacks when federal and state aid could not be secured for a major plan. The county paid \$20,000 for the regulations and that was about all until no recirculation Monday.

In an allied field—zoning—supervisors called a public hearing for 10 a.m. Monday, Jan. 9, on proposals for development of plots along the new canal barge.

Attorney J. Rube Griffin advised zoning was the only method under which the county could control plot construction. Supervisors are anxious to get some regulations on where and how plots could be built because of the canal barge which they have agreed with the federal government to maintain. The barge was erected on a temporary protection measure for the canal after heavy damage from Hurricane Betsy in September, 1959.

A motion of Silver Creek Area subdivision appeared to inquire whether county plans have ever been approved by the county. He explained they are in such poor shape the county could hardly get them in to pick up children and teachers. If the county would make some improvements.

ent Joe D. McCullough of the Bay St. Louis Municipal Separate School District to come back in January with his report that the county gave the school board around the new Bay High School on Blue Meadow Road since the school district has spent all its money for the plan.

McCullough noted that the school is located in the county. It will be a considerable asset to the entire county, he declared, and the new gymnasium will make Bay St. Louis able to compete regional basketball tournaments. The system has proved the main entrance to the building but parking areas and service roads are between which means dirt will be tracked into the brand new building, he noted.

The entire job covers about 10,000 square yards. McCullough asked the county to do at least half or 4,000 square yards.

Supervisor Jack Lee noted the county's portable asphalt plant and just about every other place in the county is using new highway Bay St. Louis, he said.

The superintendent was asked to check into the matter further with the Beat 5 supervisors—Hubbard—and get some estimates of cost.

McCullough also invited the supervisors to use the new high school board room for a meeting place any time they wish after finding the county school crumpled in the old offices of the clerk's quarters. He was told, however, that they registered them to meet in the Courthouse.

To a reported request from Sheriff Sylvan J. Ledner, for improved quarters for his tax collection staff, the board agreed to go ahead with setting on arch between his office and the old supervisor's office if the bid price of a year ago still holds. Ledner noted on collection time in here and the arch would reduce unnecessary steps and time for the deputies.

The board granted time off for paid behavior to Ray Ledner but cleared his unpaid pay for court cases on a judgment of the peace court conviction. The sheriff asked for his early release but the arch needs special medical care.

The county public head off, J. Mays was approved and the board adjourned until the next January meeting.

Port group calls for bids

A second motion by Edward Schambach requesting the board of supervisors readvertise for initial channel dredging and clearing and grubbing passed on a 4-2 vote at Monday's Port and Harbor Committee session.

Opposed were Commissioners Dr. A. K. Martimlich, Jr., president, and Otto Roster. Calling for the re-bid were Commissioners Schambach, Claude Graham, Elliot Casanova and Joseph Colson.

The vote was identical to the court on Schambach's first call for re-bids on Nov. 21.

This action was overruled by the supervisors last week.

Donald H. Landry of Waveland, successor to Colson as his appointment to chairman of the committee, called for a poll of the committee to ascertain their thinking. President Martimlich reminded Schambach that if there were any polling to be done it was up to the chair to conduct it.

He stated the chair's view was to hold a joint session with the supervisors and the engineers to iron the problem out. He also reminded his board that the supervisors felt it was not in the best public interest to delay the matter any further. The vote on the motion however called for the re-bid.

Casanova, as chairman of the easements committee, reported that after extensive discussions with their two attorneys, Michael Haas and Gerald Cox, and the engineers, it had been decided to seek 10-year easements on the land side of the cut-off and request all claims for a "reasonable time."

Due to budget considerations, easements after three years actually needed for initial development would not be a factor at this time, he said. Easements Paper Co. has agreed to make easements available as required.

Hal Wetherbee, advertising and business manager for a new publication due out soon, Gulf Yachting, inquired about prospects for advertising in his publication. The matter was placed under advisement.

A protest to proposed dredging had been received by the Corps of Engineers from the Game and Fish Commission, Martimlich reported. No action was expected to result therefrom.

Commissioners approved payment of \$50.20 to the Hancock County Eagle for advertising and their per diem and travel expenses due to date.

Brake slip gives man bad headache

"I've got a pretty good knot on my head."

That's what Ronald Maurigi said from his hospital bed in Hancock General yesterday. Sunday, the brake gave way on a pile driver he was helping operate in Clermont Harbor and a 2,000 pound hammer fell on his head.

"I just sort of rolled with the blow like a boxer and my head went between my knees," he added.

Maurigi is employed by the Gulf Pile Driving Co., installing piling for bulkheads, or storm drains, along Beach Boulevard from Clermont Harbor to Bay St. Louis.

Company officials said the accident happened about 4:15 p.m. Sunday near Clermont Harbor while the crew was moving heavy pilings. Maurigi was in a position about 20 feet from the ground when a piling "hung up" and the brake slipped causing the 2,000 pound hammer to fall.

Coroner-Ranger E. M. Little, who was on the location, drove Maurigi to Hancock General Hospital where he was reported suffering from head lacerations, a broken chest bone, possible heart injury and shock.

Maurigi, 29, is the son of Mr. and Mrs. Manuel Maurigi of Bay St. Louis. He was graduated from Bay High in 1956 and was a letterman on the football team, playing tackle on the varsity squad.

Administrative offices will close from Dec. 21 to Dec. 28 and again on Monday, Jan. 2.

Tigers roar

Go-go sign given against Hawks

Hancock North Central's young basketball team did a good job of holding down Bay High's sensational center, Guy Necaise, as Tiger Coach Wilmer Seymour gave the go-go sign to his other players and all got in the scoring column on they beat the Hawks, 62-40, at North Central in a conference game Tuesday night.

Hawk Coach Roland Ladner put Kenny Hoda and Louie Ladner on the 6-foot three-wiz-ard on the boards and they 'eld out in the fourth quarter, him down to 27 points was accidentally tripped by a teammate and hurt his ankle but Bay High principal Donald Caldwell said yesterday it was only a minor injury.

It may slow Necaise down a little but he will definitely play on Friday against Stone in the Tiger gym, Caldwell said. Seymour and Tigerette coach Billy Sills both expect plenty of trouble in this one, Stone having two of the top teams in the conference.

North Central's top scorer, Gulview Coach Herman (Buck) Price was chairman of the event and Picaune High Coach Larry Ladner presented the trophies Saturday night. Dollo Principal and coach A. J. Necaise accepted the best team sportsmanship trophy awarded his school.

Officials were Ronnie Ferrell and Shelton Bourgeois; timekeeper Buddy Seal, scorekeeper, Mrs. Pedro Fuzar; clinician, George Wainwright, referee, George and Wilk Boufford. Misses, Milton Soufflet, Nollie Garcia and Elma Ladner were in charge of the concession.

Complete results: Wednesday, girls, Lizano 41, Gulview 28; North Central 26, Pearl River, La., 12; boys, Lizano 34, Gulview 27; North Central 20, Pearl River, La., 20.

Thursday, Dattole boys and girls won on forfeit over Pineville.

Friday, girls, North Central 26, Lizano 29; North Central 51, Lizano 26; Picaune 39, St. Stanislaus Tiny Recho 18.

Saturday afternoon, Camille, girls, St. Joseph's Academy 38, Dattole 17; boys, Picaune 71, Dattole 14.

City Echoes

Mrs. Harold Bermond and Mrs. Herbert Quarterman entertained at the Bermond home Wednesday night with a shower honoring Miss Jean Carolyn Asher whose marriage to Charles Faye will take place at 7:30 p.m. Friday at Our Lady of the Gulf Catholic Church. A reception for the immediate families and a few close friends will follow at the home of her parents, Mr. and Mrs. Walter Asher, at 124 Washington St. Attending the couple will be Mr. and Mrs. Chris Lohner of Pass Christian.

Mr. and Mrs. Charles Langford were called to Monticello last week by the death of Mrs. Langford's mother, Mrs. H.D. Briester, who had been in ill health for the last year. The funeral took place in Monticello Tuesday.

Weekend guests of Mr. and Mrs. Lamar Ode were their daughter, Mrs. C.W. Fountain and son, Gary, of McComb. Her daughter, Betty, is now in her second year at the University of Mississippi.

Mr. and Mrs. J.A. Coward has as weekend guests their son, Carl Coward, and his son, Chuck, of New Orleans. They were over for a hunting trip with Malcolm Coward.

Mrs. E.J. Arceneaux spent last week in the Crescent City at the home of Mr. and Mrs. J.H. Bonck, Jr., her son-in-law and daughter.

Mrs. T. J. Chapin is presently undergoing tests at Hancock General Hospital.

Mrs. C.A. Breath, Jr. is at Gulfport Memorial Hospital for tests.

Peter Hagen, III, and his sister Miss Jane Hagen of Metairie, spent the weekend at the home of Mr. and Mrs. Pat Murphy. During their stay they saw the Murphy's son and daughter perform in the SJA-SSC musical, Bye, Bye, Birdie.

Tommy Favre, son of Mr. and Mrs. Cornelius Favre of Kiln, left Dec. 13 for Washington, D. C., to visit Mr. and Mrs. Julius W. Allen. He will return on Jan. 5 after touring the Northern half of the United States.

Weekend guests of Mrs. C.D. Malone were her brother, John Wright, and family of Caracas, Venezuela, who are spending the Christmas holidays in New Orleans. Mr. Wright is affiliated with Creole Petroleum Corp., of New Orleans. His sons, William and Mike, will join them this weekend. William is a pre-med student at Tulane University, and Mike is at Castle Heights Military Academy in Tennessee.

Mrs. James Robert has returned from a ten day visit to her son and daughter-in-law, Mr. and Mrs. Kearny Robert of the Crescent City. During her stay she attended many Christmas parties and other Yuletide festivities.

Mrs. N. L. Carter entertained members of the Birthday Club in her home yesterday. The guest of honor was Mrs. Horace Kergosien.

Rev. Bonner installed as pastor

A commission, appointed by the Presbytery of South Mississippi on Sunday installed Rev. Malcolm A. Bonner as pastor of First Presbyterian Church, Bay St. Louis.

Serving on the commission and participating in special services were, ministers; Rev.'s W.J. Swaney, Edward A. Jussey, John T.N. Keels and E. A. Lindsey, and elders, Walter C. Russo, T.T. Reboul, Jr., D. A. McCandless and William Carmichael.

Rev. Swaney delivered the sermon and Rev. Jussey presided over the installation proceedings. The new pastor said the benediction.

Rev. Bonner, 33, came here two weeks ago from Collins Presbyterian Church succeeding Rev. E. A. Lindsey who retired earlier this year.

He and Mrs. Bonner and their two children are presently living at 307 Water St., Waveland.

FINAL COLLEGE FORECASTING AVERAGE

HIGHLIGHTS

Although Notre Dame is our national champion, our sentimental choice would have been to have them share the title with Michigan State. However, the statistical power quotients say otherwise, giving the Irish the #1 spot by a margin of 3.9 over the Spartans.

Undefeated Alabama finished third, the position it has held most of the season. Georgia moved up to fourth after rocking Georgia Tech, while Mississippi, Purdue, and U.C.L.A. each climbed two notches to finish 5th, 6th, and 7th respectively.

Georgia Tech dropped to 8th. Nebraska slipped to 9th and Arkansas moved back into the top ten to finish in the #10 spot.

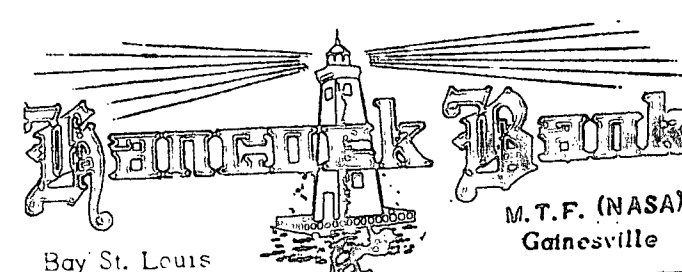

In reading the top forty teams, keep in mind that a team's rating is based on the AVERAGE of its performance against ALL opposition through the entire season. A team's won and lost record has no bearing on its national position. Calibre of competition is a strong factor in determining a team's rating.

And for the first time since we have been rating the football conferences of the nation, the Big Ten is not number one. The top conference for 1968, runner-up year after year, is the Southeast Conference. In 4th place last year, the Southwest Conference climbed into second, just a fraction behind the Southeast. The Big Ten is third, and the A.A.W.U. is 4th. So here are the top eighteen of the more than 85 football conferences throughout the country. To repeat: the ratings are based on each league's power quotient average. This involves every team in each of the 18 conferences.

1 - Southeast Conference	95.42	10 - Ivy League	68.15
2 - Southwest Conference	95.36	11 - Gulf States Conference	65.83
3 - Big Ten Conference	91.69	12 - Southland Conference	65.38
4 - A.A.W.U. (Pacific Coast)	90.85	13 - Big Sky Conference	64.26
5 - Big Eight Conference	86.18	14 - Southern Conference	62.59
6 - Atlantic Coast Conference	84.79	15 - Ohio Valley Conference	61.64
7 - Western Athletic Conference	81.35	16 - Lone Star Conference	58.73
8 - Missouri Valley Conference	77.12	17 - California Collegiate Association	58.33
9 - Mid-American Conference	72.71	18 - Yankee Conference	55.18

Finally, we'd like to take this opportunity to wish all our readers from Portland, Maine, to Wailuku, Maui, Hawaii, the very best of holidays, a happy and safe 1969, and to express again the hope that all we foolish football nuts will have nothing more with which to concern ourselves next September than another wonderful football season!

VCJ drops journey

The Volcano C. Jones pro-Christianity team was at large again in Jones' gymnasium Saturday as both boys and girls dropped the team's record in their own tournament.

But both are still undefeated in conference competition. For the last four years the Tigercats have been tops in the South Mississippi Athletic Conference but have never been able to win the pro-Christianity event, losing each time in the finals to Peace Christian. This year they dropped the boys game to Poplarville, 31-35.

The Tigercats could have wrapped up the winner's trophy except for a disastrous second quarter in the final against Peace when their clutch player, Jim, took over and the lead could only muster 6 points. Quarter scores were:

VCJ 18 6 13 18 - 55
PIC 9 20 21 17 - 67

The girls waged an uphill battle but time ran out. They posted quarter scores of:

VCJ 5 9 5 12 - 31
POP 14 12 6 3 - 35

High scorers for the boys were Robert Williams, 23; Cleon Pruitt, 10; and Herbert Dorsey 6. Harold Bell accounted for 17 rebounds.

For the girls it was Dacey Price 10, Elizabeth Williams, 9, and Jo Ann Williams 8. Dacey, Pearl Walker, and Barbara Hawkins 9.

The Tigercats beat Poplarville in the semi-final 68-52 with Larry Peters sinking 26, Williams 25 and Pruitt 10. Bell starred for the counter-attack with 22 rebounds.

The girls won their semi-final handily, beating St. Rose 50-28. St. Rose were Price 20, Williams 16, Jeanne

HAPPY VICTORS - Bay High's tournament winning team and their share of evening following games last week-end at Gulfport. From L., Champions are, Don Estapa,

manager, Larry Gagnon, Kenny Miller, Mike Lamb, Don Favre, Mike Necaise, Coach Wimpy Seymour and son, Stover, Don Freeman, Anthony Ladner, Steve Davis and Freddie Breland.

Go Necaise hailed

Tigers eat Big 8 meat

Probably the highest compliment ever paid to a Mississippi high school football player was received by Mike Necaise following Bay High's victory in the state championship tournament, Saturday, December 11.

Coach Commodore Coach Seymour, who has coached Necaise since he was a freshman, said after the tournament that Necaise was the greatest player he has ever seen in about 40 years of coaching.

The three Bay High players who had outstanding performances this year including Necaise, Willie (Wimpy) Seymour, who named the most valuable player in the tournament, and Coach Seymour, who named Necaise the greatest player he has ever seen in about 40 years of coaching.

After three and a half days of competition the championship trophy was won by Bay High, one of New Orleans.

However, Seymour said, did not give every man on the team the credit he deserved. He said that the team's success was due to the effort of every player, and that Necaise was just one of the many great players on the team.

After three and a half days of competition the championship trophy was won by Bay High, one of New Orleans.

top AAA prep schools, was Bay High's final win, the Tigers winning the finals in a walk, 76-64, Saturday night in B. Frank Brown gym at Gulfport, Go-Go Necaise hitting the base for 41 points.

Bay High started its march Thursday overwhelming Moss Point, 60-32, with the amazing Go-Go Necaise warming up with 34 points.

Quarter scores were:

BH 11 24 11 14 - 60
MP 10 12 2 8 - 32

Friday, the Tigers gave a repeat performance against

arch-rivals Hancock North Central and walloped the Hawks, 87-54. Necaise was all over the floor feeding, dribbling, stealing, etc., and scoring 48 points in his spare time.

Others hitting in double figures were Bomber Breland, 16 and Freeman 11.

Even though outplayed by the Terrible Tigers the young Hawks never gave up and were still fighting at the union air-though Coach Seymour gave his whole squad a workout. Clyde Moore paced the Hawks with 23 points and Louie Ladner came

up with 12.

Quarter scores were:

BH 22 20 21 24 - 87
NC 10 17 11 16 - 54

Next on the Tigers' tournament competition list was the Gulfport Commodores, always a formidable power in the Big Eight Conference, one of the strongest in Mississippi, but Go-Go was up to the occasion and pushed in 49 points as the underdog Tigers came from behind in the final frame to win the semi-final, 66-36, Saturday afternoon.

At this point they had to tie (Cont. on Page 6-B.)

New seminary teacher will hold 1st mass

Rev. James P. La Chapelle, S.D.B., who will become professor of dogmatic theology at St. Augustine's Seminary here in January, will celebrate his first solemn mass at 9 p.m. Sunday in the Carter G. Woodson School auditorium in Raywood, Tex.

A reception and conferral of his priestly blessing to individuals will follow. Archbishop Pietro Sigmond, secretary of the Sacred Congregation for the Propagation of the Faith, conferred the Sacrament of Holy Orders on Father La Chapelle in Rome in the Divine Word International College Chapel December 19, 1964. His parents, Mr. and Mrs. Louis La Chapelle of Raywood, Tex., a sister, Mrs. Magdalena Espinoza of Galena Park, and a brother, Paul of Houston, attended the ordination. Other brothers are Mayo and Herman now of California, Jesse of Houston, and Robert

of El Paso. Father La Chapelle was born in Raywood in 1933. He spent part of his childhood there, Sacred Heart, is attended by the Josephine Proctor. He attended the Woodson School from 1944 to 1951; then he entered the Divine Word Seminary here and completed his high school years. He went to the Divine Word Seminary in Conditia, N.Y. in 1955, took

his first vows and completed two years of college. After two years of philosophy at the Divine Word Seminary in Tarrytown, N.Y., he was called to Rome for his theological studies at the Pontifical Gregorian University conducted by the Jesuit Fathers.

Teen Times

Despite Thursday and Friday's torrential rains and Saturday's chill winds, Bye Bye Birdie played to a full house all three nights. The audience applauded enthusiastically and everyone agreed that the show was perfectly cast. Mike O'Leary was Conrad Birdie, the young singer about to depart for Uncle Sam's Army; Cathy Saut and Mary Ellen Murphy split the role of Kim, one of the lovelies heartbroken over his imminent departure. Cathy Campbell and Don Griffin were her long suffering parents. In addition to a whole slew of dancers, other roles were played by Jill Enston, Susan Aguiar, Mary Ellen Dahl, Kathy Joyce, Fahy di Benedato, Sandra Gaynor, Fee Suenzou, Boo Artigues, Andi Aueren, Melissa Lucia, Alena Mirambell, Kathy Taylor, Timmy Giamelloni, Pat Murphy, Ben Muennece, Leona Dominguez, Danny Taylor, Patty Wright, Richard Niehaus, Sera Segal, T.B. Larkin, Jewel Treman, Mary DeBlanc, Greg Grunello, Naomi Yamas and Albert Peterson.

A coronation, Boy High Band members will present their Christmas concert for the student body during the day Friday but we imagine interested parents would be allowed to attend. All of the girls will be wearing their new black concert gowns with lace boleros; the boys, white coats and black pants.

Catholic Youth Organization and Protector Youth League members are combining their efforts in an attempt to see that Santa brings no one this year. Anyone wishing to contribute toys or cash may call Valda Picotini at 467-5170.

Boy High seniors are proudly showing off their rings which once again arrived just in time for Christmas wearing.

Pandemonium in St. Joseph's Junior and senior home rooms was due to the fact that Sister Kocika and Sister Franco were handing out all of those "obnoxious" national test results... namely ACT and PSAT.

The Charles Benigno-Charlie Brown romance appears to be progressing quite smoothly.

Lions honor Waveland man

A plaque, presented last week to Thomas Ewing Diney, 81, of Waveland, cited him for his work as "Headliner" editor of the Screed.

Presented on behalf of the New Orleans Lions Club by Ferdinand E. Zimmer, past district governor of Lions International, the award said "In sincere appreciation and recognition of distinguished service, loyalty and devotion to the objects and furtherance of Lionsism."

Mary Lagarde is due a very happy birthday greeting having cut her 17th cake on Tuesday, Dec. 6. Her older brother Frank was home for the weekend, but had to return for classes at Loyola before the big day.

A get well wish is on the way to Sherry Michaelson, who was put in traction at Hancock General last week. Catchie Crider and Greg Weger are due similar wishes. Cat received a bump on her head and Greg a badly bruised nose when they were involved in a minor accident on slippery U.S. 90 last Friday.

Mary Lee Garcia cut a birthday cake on Friday, Dec. 2, and celebrated the event at a family party.

A warm welcome to Teen Times is on the way to Martha Grigby. She was 13 on Thursday, Dec. 8. Her brother Wayne is driving about in his early graduation gift, a brand new blue-green automobile. Mike Clark is smiling brightly once again... he got his shiny new "toothies" on Friday.

holding cards and chairs, Mrs. Mary. Mrs. R. had a hand in the preparation, but he was our source of help.

Volunteer home, Laverne Garcia, back into the happy Hannah County fold after a 20 year stay with the Air Force.

Carol Channing starred in the Mobile production of *Hallo Dolly*. Some local residents who took in the show included Flora (Mrs. Alden) Manfroy, Otis (Mrs. O.W.) Delp, Mary (Mrs. Charles) Brown, Jean (Mrs. Frank) Trapp, Edna (Mrs. Harold) Fave and daughter Pat (Mrs. Buddy) Fayard.

Pat and Larry Smith celebrated their 12th wedding anniversary on Sunday, Dec. 4, but the actual date was Monday the 5th.

Mary and Joe Buccola have moved into their new home at 217 Felicity St. Don't know much about the house, Joe was too excited about his tennis court to go into other details.

Alice (Mrs. Johnny) Scalfie observed her birthday last week, but our informant was vague as to the exact date.

AT EASTERN STAR TEA - Mrs. Clarence Leder poured tea for Mrs. J.D. Green, retiring worthy matron of the Order of the Eastern Star, at party Sunday afternoon at home of Mrs. Wallace Chevie. In center is Henry Odo, retiring worthy patron. The two officers were guests of honor at party.

Mrs. Luxich elected by Eastern Star

Mrs. R. L. Luxich was elected worthy matron and Ray Depree worthy patron for the coming year at a meeting of the Order of the Eastern Star last Tuesday night.

Installation of the new officers will take place at 8 p.m. Saturday at the Masonic Temple.

Yule doings

We're told that the lovely Hotel-Motel and Restaurant Owners Assn. party at the Broadwater Beach Friday night was a real blast. (Literally, at times.) Some from the area who took in the dance were Ben and George Georgi, the Clifton Roberts, Gerri and Jack Kay, Marie and Bert Stiefel, Ruth and Ruthie Griffin, etc.

Claude Weeks gets a hope you're feeling better wish. He's a patient in Hancock General Hospital.

A similar wish goes to Charlie Richard. He's in Gulfport Memorial for treatment of a back disorder. Wife Rose keeps U.S. 90 hot trotting back and forth.

Two little Stiefels, Kimberly and Rochelle, will soon cut cakes baked by their mamma, Marie. Kimberly will be eight on Saturday, and Rochelle, four the following day.

Bob Lucas is newly elected president of Waveland Volunteer Fire Department, Fulton Welsh, vice president; Gladys Noonan, secretary-treasurer; Gene Ferry, engineer, and Kenny Fayard is still chief.

Mr. and Mrs. Franklin Gleim of Shaker Heights in Cleveland, Ohio, spent three days with his brother, Gordon, and wife Jean, last week. They were enroute to Washington, D.C.

Edna and Horatio (can't spell it) Fave were getting all dolled up to go into Maudie Saturday afternoon. They were to attend a surprise silver anniversary party honoring Edna's brother, Alfred Richardson and wife.

Tonia (Mrs. John) Carver has had more than her share of woes. She successfully won the battle of a cataract operation only to fracture an ankle in a fall Thursday at her Broad Street home. Extensive surgery was performed on the foot Friday at Gulfport Memorial.

Willie Bourgeois is birthday boy of the week. He cut his 39th cake again on Sunday. He, the child bridegroom and lovely blonde wife, Betty, will observe their 25th wedding anniversary, come New Year's Eve.

Yule treat

Church of Main Street Methodist and Christ Episcopal churches will combine talents in presenting Night of Miracles, a Christmas concert, written by John Peterson and directed by Owen Williamson. It's to be at 7:30 p.m. Sunday, Dec. 18, at Main Street Methodist Church. Mrs. Carl Smith is co-

companion. Roy Worthington, Christ Episcopal curate, will marry; some of the soloists are to be Dottie Thompson, Jonell McClain, Charlie Thibault, Al Carlson, Mrs. Bill Ellis, Steve Davis, and Alex Romanoff.

SIGHTS AND SOUNDS A-LONG THE WAY - Naked trees, creaking against more frost, begging to be upright and colored, warm coated animals happily coexisting in the frost, chili breezes; multi-headed chrysanthemums, gaily blooming long past their usual expectancy and the wall of the wind. . . the case was once music to romantic's ears; a means to those subject to thinner blood!

CHRISTMAS SHOP EARLY

Should'a gone fishin'

8 deer drop in 1st split

It was nothing but bang, bang, bang all the time but only eight deer were killed this season in Hancock County, game warden Pat Tommy reported following the close of the season Dec. 1. (Incidentally, Dec. 1, it didn't open Dec. 1, it closed, too, eh?) But there will be another split season opening the day after Christmas and if anyone has enough money left to buy shells he can hunt through Jan. 11.

Our annual two-bit gripe

This has nothing to do with hunting but speaking of Christmas we're going to tell Santa Claus a few things this year when he gives out with that ho, ho, ho, no laughing matter. We spend our last buck on proceano while he stands around with his hands on his hips laughing at us.

Honker hunters report A-ok

Anyhow fishing continues good and the goose, duck and poul-ou hunting is fair to conational.

August Rammer and son, Nicky, got the limit of geese in Bayou Maroon in the marshes last Friday. And we've lost the notes but Jimmie Larroux told us the other night he had shot a few which means at least the limit 'cause he is never sure. It's five a day and 10 in possession, Jimmie.

Dove hunting, preferred by most old timers, reopens Dec. 17 and closes Jan. 15. This is the third and last split season.

Reel Reds in good style

J.C. Baxter and Dave McDonald, after searching everywhere last Friday finally hit pay dirt at the mouth of Cross Bayou in Pearl River where they boated 27 reds weighing between two and four pounds.

Near day, however, J.C. took his VP brother, Lionel, who is with Storer Broadcasting Co., at Miami, and all they could find were a few flounders, naturally. Also making the trip were Lionel's sons, Lonnie and Rice. Rice is a student at Loyola of New Orleans.

Hitched his wagon to a star

Nothing is more exciting to us than when a local boy makes good and that's what's happening to a 17-year-old, 6-3 Bay High senior Mike Necaise whom we have nicknamed Go-Go because that's what he looks like on the basketball court.

Necaise came to Bay High three years ago and has played basketball and participated in track but whatever happened last summer has projected him from a good to a sensational basketball player — probably the best that ever originated in Hancock County — and there have been some mighty good ones.

Mike is the son of Mr. and Mrs. Everett Necaise who moved to Bay St. Louis from Kiln about seven years ago. His dad is employed at Coast Electric and his mother is the former Bonnie Tate from Piquette. His uncle is Doug (Spider) Necaise who coached Hancock North Central to its first state championship several years ago.

Mike excels not only in scoring but in every other phase of

MARINE ART? — Waveford artist Willy Churchhill makes a nice picture holding air and quarter pound speckled trout he caught Monday at Bayou Caddy. Willy says catch gives indication that artist is good for more than painting.

basketball and, if he is so inclined, it is our opinion that he will be a top figure in collage circles within the next couple of years.

Among his recent efforts, Mike broke the all time record in the Gulfport High Invitational Tournament with 172 points in four games. He was also named the most valuable player in the tourney and was the unanimous choice for center on the all-tournament team.

Yak, yak and an ideology

A few of the boys were talking it up Tuesday in Ray's and as usual the subject turned from hunting to fishing to women and the institution of marriage on which subject Walter Rheunne, dietician at Hancock General and retired army officer, had what we think the best attitude we've ever heard and we hope we won't get him in trouble by repeating it. The consensus of opinion was that marriage was nothing but a, a, a, a, a, a, but Walter said he and Mrs. Rheunne had a Harbort Tarrington attitude, "We'd rather fight than switch", he said.

TO FROSH MONOPARY

Mind A. Jeffery, Gary Tom Lader and Dana L. Miller, all of Bay St. Louis, are among 63 cosmo at the University of Southern Mississippi pledged to Alpha Lambda Delta, national honor society for freshmen women. A 3.5 grade average of 3.5 per cent is required in the first one or two quarters of their freshman year.

TB seal fund lags

Only \$832.70 has been received to date from the more than 3,000 letters mailed out this year, according to Mrs. Anne Arceneaux, chairman, TB Christmas Seals.

Mrs. Arceneaux said Monday that the local chapter's goal is \$1,550 and to achieve this end she has mailed out nearly 1,000 more letters this year than last.

"Our follow-up notices were mailed over the weekend so we expect quite a response during this week," she said.

The chairman explained that

Mrs. Forrest Wheat

Mrs. Forrest Wheat, 61, died last Friday at her home at Box 224, Rt. 1, Piquette, where she had lived for 33 years. The former Ruby McGee, who was born Aug. 25, 1895, in Hancock County, daughter of the Anna Catherine McGee and the late John McGee.

Surviving are her husband, her mother, three sons, Billy E. Miller of San Antonio, Tex., George and Norman Miller, both of Piquette, one grandson, one brother, Tommy McGee of Jackson, and two sisters, Mrs. M.S. Vargis of Piquette and Mrs. B.B. Evans of Marietta.

Final rites were Sunday from Harbort Baptist Church with burial in Flat Top Cemetery. McDonald Funeral Home was in charge.

FETE VA PATIENTS

Novcomers Club gave a Christmas party Tuesday afternoon for patients of the Gulfport Veterans Administration Hospital at the home of Mrs. Ralph Langley, 122 de Montezuma Ave.
